

Hello everyone,

I trust and pray that you and your family are safe and well!

I hope everyone is practicing social distancing and all other safety measures and advice from trusted and reliable sources. These are unprecedented and perilous times. Please pay close attention to the reoccurring messages from these sources. They are the expert to listen to.

The agency **will not** open next week. Only essential staff will be working, as needed. Finance has processed the payroll for next week and your check will be deposited in your account next Thursday, as usual. Please check our FaceBook page, the website, and/or reach out to your supervisor for reliable updates. Of course, you can email or call me directly.

Stay positive, practice good hygiene, and be safe!

Diann Payne
